Current Comment

As usual the railroads are objecting to the tax levy in this county. The net income of the Southern Pacific in Oregon for the year ending June 30 was \$2,971,393. An income tax on that amount would bring in enough money to build several miles of good roads.

Nampa has been receiving a thorough house cleaning by order of the pure food inspectors, but it was not done until an epidemic of typhoid fever had developed. Oregon has no such inspectors and it is the duty of every resident to see that their premises are kept in a thoroughly sanitary condition, while the civic authorities should see that the waters are properly flushed and kept in serviceable condition.

Business of Farming

"The Business Side of Farming" is the title of a recent publication from the Oregon Agricultural College Press. The bulletin is Part I of the general subject and is devoted to farm records. It is written in a clear, simple style, and will be easily comprehended by any farmer. It is handsomely illustrated by twenty full page engravings. Future bulletins on rural law and rural economy are promised. Like all the college and station bulletins, it is published for free distribution.

No phase of agricultural education is more important nor more generally neglected. The lack of correct business methods has not only ruined countless farmers, but it often drives the boys off the farm.

Professor Bailey says on this subject: "In visiting practically every farm in one of the counties of New York, we did not find one man who knew how much it cost him to produce milk or to raise any of his crops."

Address, Professor J. A. Bexell, Oregon Agricultural College, Corvallis, Oregon.

TAMMANY WINS PARTIAL VICTORY

ELECTS GAYNOR, BUT LOSES CONTROL OF FUNDS.

WHITMAN SUCCEEDS JEROME

New York Gives Tammany Mayor Over 70,000 Plurality, but Keeps Spoils From Tiger's Clutches.

New York, Nov. 3.—Tammany elected another mayor of Greater New York yesterday, but lost its grip on city finances. William J. Gaynor, of Brooklyn, swept the five boroughs to victory as mayor by approximately 70,000 plurality, defeating Otto T. Bannard, Republican-Fusion, and W. R. Hearst, Independent.

He failed, however, to carry his ticket with him and the Republican-Fusion forces will control absolutely the board of estimates and appropriations, which will disburse about \$1,000,000 during the administration. This is more than a half-decent for Tammany, for the control of the board of estimate was one of the principal issues of the campaign.

In addition, the Republican-Fusionists elected Chas. S. Whitman district attorney of New York county.

Hearst, once threatened in his contest for the mayoralty against McClellan in 1905, went down again with a total of less than 150,000, as against approximately 245,000 for Gaynor and 174 for Bannard.

Judicial Record Elects Gaynor.

Judge Gaynor, who now becomes mayor of Greater New York, was elected on the strength of his per-

HENEY MEETS DEFEAT

Revolt Against Reform in San Francisco.

San Francisco, Nov. 3.—After three years of a reform government which followed the sensational bribery-graft disclosures in the Ruef-Schmitz Union Labor administration of 1905-7, returns from yesterday's municipal election indicate that the city has again chosen a Union Labor administration by the election of P. H. McCarthy for mayor and Chas. M. Fickert for district attorney. Opposed to Fickert was Francis J. Heney, who attained national fame as government prosecutor in the famous land-fraud cases in Portland, Or., and who for three years has conducted the dramatic bribery-graft prosecutions in this city, which have become historic. Mr. Heney's defeat is decisive, the vote for him running behind both Land and Crocker.

Johanna Beaten in Fifth Battle.
Cleveland, Ohio, Nov. 2.—Tom L. Johnson, for four terms mayor of Cleveland, was defeated yesterday by Herman C. Badler. The election of Badler is believed to mean a certain curtailment of the long street railway war which Johnson began eight years ago when he demanded a 3-cent fare.

Republicans Win Bay State.
Boston, Nov. 3.—The Republicans carried Massachusetts in a state election yesterday by the narrowest margin in nearly a quarter of a century.

Heard, once threatened in his contest for the mayoralty against McClellan in 1905, went down again with a total of less than 150,000, as against approximately 245,000 for Gaynor and 174 for Bannard.

Judicial Record Elects Gaynor.

sonal record as a jurist and his stand for personal liberty and a liberal Sunday. Although a Tammany candidate, he maintained throughout the campaign that no boss shall dictate to him, and one of his favorite remarks was that, if there was to be any swallowing between him and the Tiger he ultimately would be found on the outside.

Gaynor was prominently mentioned as a Democratic vice-presidential possibility last year, and in 1894 he declined the Democratic nomination for governor.

Justice Gaynor first attained prominence in connection with a taxpayer's suit which he caused to be brought against Hugh McLaughlin, one-time Democratic boss of Brooklyn, in the course of which saved the city \$1,000,000. In a similar suit against the Brooklyn Elevated Railways he collected another million for the city in back taxes.

Robert A. Taft, the President's son, was among the college men who volunteered as a catcher.

M'CREDIE DEFEATS LISTER

District Quoids of Pierce County Save Day for Jurist.

Tacoma, Wash., Nov. 3.—With W. W. McCreath, of Vancouver, Wash., the Republican nominee, leading by submerged majorities throughout the western part of the Second Congressional District, indications are that he is elected over Ernest Lister of Tacoma, the Democratic candidate by 200 to 400 probably to fill the vacancy caused by the death of F. W. Cashman.

Returns from Pierce county, the home of Mr. Lister, the most populous county in the district and a Republican stronghold indicate that the Democrats will carry it by a majority of 300. Tacoma's majority for Lister is 200.

The Second district is normally Republican for a large majority.

Four More Illinois Counties Dry.

Champaign, Ill., Nov. 3.—Four more Illinois counties were added to the conquest of the anti-saloon element of the state, when Marion, Peoria, Scott and Monroe counties joined the ranks of the drys, leaving no wet pockets in the country in question. In the state now 16 of the 102 counties are wholly barred against saloons.

Say He Robs His Pupils.

Oregon City—Walter C. McKee, for three years superintendent of the Oregon City schools, was arrested at Portland charged with larceny by baileys of \$42.50. While the specific charge against McKee is larceny by bailey, he is accused of stealing money belonging to the student body of the Oregon City high school. During his three years' incumbency as city superintendent, he was entrusted with all of the student body funds and acted as treasurer for all student body enterprises.

Valley Needs Water.

Salem—A campaign of duration, to cost about \$5000, to be participated in by paid lecturers and every pauper in the Willamette Valley, is being planned by the Oregon Conservation Commission, with the avowed purpose of making the valley the most thoroughly irrigated section of the west.
